

FLT: 262-4

September 27, 1994

Captain R. Donald Wilson  
ALPA MEC Chairman  
Federal Express  
5100 Poplar Avenue  
Suite 2917  
Memphis, TN 38137

Dear Capt. Wilson,

On August 26, 1994, I wrote to request two specific actions on the part of Federal Express ALPA. One request involved any comments on the draft NASA Technical Memorandum reporting the results of our overnight cargo study. The manuscript was provided on August 24, 1994 by Drs. Rosekind and Gander during their visit to brief Federal Express ALPA personnel on the study. The second request was an indication of whether Federal Express pilot personnel would like to be acknowledged in the report.

My original letter requested the information by Friday, September 9, 1994. We have extended the comment period to allow all interested parties an opportunity to respond. Please submit all comments and a determination of Federal Express ALPA acknowledgment in the report by Monday, October 3, 1994. On that date we will review all available comments and move forward with the publication of the NASA Technical Memorandum.

Thank you for the time and effort spent reviewing the report. I look forward to receiving your comments.

Very truly yours,

J. Victor Lebacqz, Ph.D.  
Chief, Flight Human Factors Branch
